By an error in the *Owosso Press* the score reads as if the Blue Sox must have played a pretty lucky game to beat the Flints. The score should read on errors: Flints 19, Blue Sox 8. They omitted to mention the striking out, which read on our score book, Flinty 7, Blue Sox 1, the *Press* is not to blame for these mistakes but should not have printed any but official score, as Wilcox and Hamilton were the scorers for the Flints.

A HOME AMONG THE ROCKIES.

Butte, Montana Territory.

BY MRS. CHARLES LEGGOTT.

I am really getting quite in love with this country. I find a great deal to like and admire in the people, and still more in this beautiful country and these grand mysterious mountains. I was disappointed in them at first, as people usually are, but they grow on one. Every time I open the front door I look out upon the "Main Range" of the Rockies, only three or four miles east of us; when I sit by my favorite south window I can look down over the beautiful Butte valley, covered now with grass, beyond which rise mountains and mountains for thirty or forty miles till, you come to the Highland mountains, the highest of any in this region. They tower far above the timber line, and are covered with snow nearly the year round. Even to-day, July 17th, when the mercury must be at least "90 in the shade" I see patches of snow on their brown sides. To the west of us are the Big Hole and Cable ranges, to the north any number of mountains with no particular name. In whatever direction too that we go, the drives are so beautiful. There are good natural roads all through these mountains. Rocky though they truly are. I might go on for a long time telling you things "new and strange" about this "Wonderland" for that it certainly is. * * * You ask if we like it well enough to be willing to live here, also if we are going to make our home here. To the former I can truly say, "We do." To the latter, "I do not know, certain it is we will be obliged to stay here some time. * * * This is just as good a place to live in—in fact better—as any of its size I live in. Lack of water is the chief drawback Butte has, there is a water-man in the city, but the idea of buying water does not agree with me at all. There is also a company making preparations for bringing water from some of the mountain streams near by, as rapidly as possible, but it will take some time yet. There are a good many wells in town, but many of them are drained by the neighboring mines—that is the case in this part of the town—and in many places every foot of the way has to be blasted out of the solid rock, which makes great expense for the people. I never saw East such dry-grounds and grocery stores as they have here. It seems as if they have everything, and a few other things besides. There is more business done here in one day, I do believe than there is in Owosso in six months. This day, there is a transaction taking place which involves a round million of dollars. Judge Davis sells to-day, his "Lexington" mine to a European company for that sum. The parties negotiating for this company are said to be a French Count, a French Baron, a German Count, and a German Baron, and an English Lord. Just think of that! And all this nobility resides in a little house just back of us! Of course such sales do not occur every day, or month, but it shows what there is here. There are any number of just as valuable mines here, but not many so well developed. * * * It certainly is pleasant to live in a town where there is so much life, and it seems to me I could not think of settling either in Owosso or Grand Haven, though I should like to spend a part of each year in both places, especially Owosso.

DEATH OF MRS. FLETCHER.

Widow of Rev. A. Fletcher, Formerly pastor in this city.

Intelligence was received in this city yesterday, of the death on Monday, of Mrs. Fletcher, wife of Rev. A. Fletcher, deceased, formerly pastor of the Congregational church in this city. In our issue of Aug. 5th, we noticed the death of Miss Lizzie, youngest daughter of Rev. and Mrs. Fletcher. She died of consumption at her home in Armada. Mrs. Fletcher has followed her beloved daughter after the brief period of three weeks. Her disease was also consumption. She was a true Christian woman, of much strength as well as sweetness and amiability of character. She has had an eventful life.

Mr. and Mrs. Fletcher spent several years as missionaries to Ceylon. Their eldest daughter, Ellen now deceased, was born on the voyage thither. Charles and Mary in Ceylon. Mrs. Fletcher had a large family and consequently much domestic care, yet she has continued throughout life active in missionary work, and many other branches of Christian labor. Mr. and Mrs. Fletcher are held in affectionate remembrance by their acquaintances in Owosso, and warm sympathy will be felt for the sons and daughter now bereft of an idolized mother, after having suffered the loss of three other members of their family circle in a brief period of time.

Be of Good Cheer.

There is one remedy which has proved itself to be a priceless boon and a true friend to suffering humanity. It has saved thousands of nervous, debilitated, and aching mortals to lives of usefulness and the full enjoyment of robust health. If you are weak, nervous and debilitated, or suffer from indigestion and dyspepsia, you make a serious mistake, and do yourself great injustice if you fail to try this excellent medicine. You will find it a perfect panacea for all your troubles. In a few weeks time your shattered nervous system will be restored to a natural and healthy condition, all symptoms of dyspepsia and indigestion disappear, and the possibility of paralysis, apoplexy, and other disorders that lead to sudden death, will be removed forever. This meritorious compound is a preparation of Iron and essential vegetable tonics. It is the only preparation of iron that does not give headache or blacken the teeth. It is called Brown's Iron Bitters. Demand it of your druggist, and take no substitute. It will give the greatest satisfaction, for its effects are lasting, and not temporary, as is the case with alcoholic preparation. Brown's Iron Bitters contain no alcohol.

JUST RECEIVED A CAR LOAD OF SUPERIOR DRILLS.

We again cordially greet the public and herewith make our acknowledgments to our many friends and patrons, all of whom, we are sure, will be glad to hear that the SUPERIOR still maintains its proud but well-earned position in the forefront of grain drills. The year past was more fruitful than any preceding one with triumphs for our machine, and that is saying a good deal, for, since the first year of its introduction, its record has been such as to afford us unbounded gratification.

Among the farmers of Shiawassee county the name "SUPERIOR" is fast becoming a HOUSEHOLD WORD. In casting a glance backward over it, we have only one thing to regret, namely: that we were wholly unable last season to fill all the orders with which our friends so generously favored us. This is not by any means our first offense, yet we can, by way of extenuation, assure all interested that we did our utmost to supply the demand for our machines and failed only after every resource and facility for production was exhausted. More we could not do. But we are getting an earlier and better start for the approaching season and think we will be in much better shape to respond to our promises, so far as supplying the demands is concerned, than heretofore.
